Consistent with the MEMORANDUM OPINION entered 18 May
2007 (Paper 118), the interference is redeclared [37 C.F.R. § 41.203(b)
(2006)] as follows.

1. The priority benefit (an earlier constructive reduction to practice)
accorded to Rabbani in the DECLARATION as to both (1) application
09/439,594 filed 12 November 1999 (now U.S. Patent 6,764,821) and

1 (2) application 09/104,067, filed 24 June 1998 (now U.S. Patent 6,743,605)
2 is withdrawn.

3 2. As to Count 1 and Count 2, Notomi is accorded benefit (an earlier
4 constructive reduction to practice) based on both (1) International
5 Application PCT/JP99/06213, filed 08 November 1999 and (2) Japanese
6 patent application 10-317476, filed 09 November 1998.

7 3. The order of the parties is reversed and Notomi is made senior
8 party.

9 An order setting times for taking action during the priority phase of
10 the interference is entered concurrently with this redeclaration.

11 Future papers should use the heading appearing in this redeclaration.

12 Notwithstanding the change in the order of the parties, each party
13 should continue to use the exhibit numbers assigned to that party in the
14 declaration.
